COAL PRODUCTS STOCKS JUMP 20 POINTS TO \$170

Many Other Securities Also Soar on Stock Exchange To-Day.

The Stock Market to-day was a cene of raids and drives of spectacular character. American Coal Products Company stocy skyrocketed like Bethlehem Steel a few months ago. It jumped twenty points to \$170 per share from Saturday's closing prices of \$150. At the beginning of the year Coal Products was selling at \$82. General Chamical Company stocks jumped forty points Saturday on the Stock Lichange, reaching \$290 per share. The price scared out traders to-day and there were no transactions in it during the morning.

General Motors and New York Air Brake stocks, that were runners-up for Bethlehem Steel and then fell back, took a fresh start. Motors advanced to \$168 per share, a rise of 10 points since Saturday. The Air Brake stock jumped up 10 points, to \$100, from Saturday's prices.

In the late afternoon a general adance started all along the line of securities, led by the two great Steel stocks—U. S. Steel, the old steady resulters By stacks—Hable taking two measured paces forward from 59 1-2 to 61 1-2, and st. L. & S. F. 2 pf. St. L. & S. F

American Locomotive got up steam and rose 5 points, from 43% to 43%. Two highly speculative issues, Mexican Petroleum and American Can, jumped up 4 points each, and Baldwin Locomotive added 2 points to its price. In fact it was a fine day for non-dividend securities, for they left the steady payers far behind.

PERJURY INDICTMENTS

He Claims Were Improper Proceedings.

Gustav Stahl, a German reservist, under indictment for perjury alleged to have been committed when he testified before the Federal Grand Jury that he saw four guns on the Lusia German submarine, to-day appeared in the United States District Court before Judge Hunt and through his counsel, Harold S. Deming, withdrew his plea of not guilty and presented three pleas in abatement of the indictment.

The first plea declares a stenographer was improperly present in the Grand Jury room during the examination of witnesses. The second plea sets forth that the interpreter "sed by the Government was not sworn as an interpreter, but as a witness only. The third plea questions the property qualifications of one of the Federal Grand Jurors.

No date was set for the hearing of argument on the pleas.

IN TITANIC, LUSITANIA AND EMPRESS WRECKS, TUQHY STICKS TO SEA

'Man Born Never to Be Drowned" Gets a New Ocean Job After Each Tragedy.

Francis Tuchy of Hyde Park, Mass., tubbed the "man who was born never to be drowned," because he survived the Titanic, the Empress of Ireland and the Lusitania horrors, is for the present voyage a fireman on the White Star liner Baltle, which arrived here yesterday from Liverpool.

For twelve years Tuoby was an enlisted man in the United States navy. He was with Admiral Dewey on the Olympia at Manila Bay and before that a member of the crew of the U S. S. The man with the charmed life is fifty-two years old. When the Titanic went down he was in the water twenty minutes, clinging to wreckage, before he was picked up.

When the Empress of Ireland was sunk by the Storstad in the St. Lawrence he first helped lower a boat and then jumped overboard. All the boats were swamped, and he was two and a half hours on wreckage in

6 RESCUED CRIMINALS SEATED IN PULPIT

Derelicts With Whom He Stayed in Jail Aid the Rev. W. P. Coon's Sermon on Crime.

Planked by six derelicts, whom he had rescued from the Passate county jail at Paterson, N. J., when he spent a night there as a prisoner recently. the Rev. Warren P. Coon, pastor of the Grace Methodist Episcopal Church, Arlington, N. J., delivered a sermon last night on "Crime and Criminals."

To obtain first hand information Coon induced the sheriff to lock him up for one night as an ordinary prisoner. He was in disguise and quickly gained the friendship of other prisoners. He found out more about crime, he said, than he believed existed.

Later he had six of his fellow prisoners transferred to the Rescue Home at Newark and last night he had them on the platform with him in church. He desired these men to tell the causes that led to their imprisonment. From their statements the clergyman reached the opinion that seventy-five per cent of all crime is the result of heredity and is not the fault of the criminal.

Thomas Jefferson "Father of the Declaration of Independence"

THIS noble founder of the Democratic Party immortalized himself by writing our Declaration of Independence—the document which laid the foundations of Free Government, not only for our own beloved land, but for all the world. His countrymen twice elected him President and will always treasure his memory. Jefferson was the most ardent advocate of Universal Freedom of his time and it was his wisdom and foresight which brought about the Louisiana Purchase. Every drop of his Virginia blood loved Liberty, and because he wanted Americans to be assured of it for all time he championed with all his might and main the signing of the Constitution of the United States. None of the Fathers of the Republic were more far-seeing than he and none knew better than he that a mild brew of barley-malt and hops is truly a temperance drink. Hence, in 1816, he wrote President Madison: "A Captain Miller is about to settle in this country and establish a brewery. I wish to see this beverage become common." Jefferson lived past his 83rd year and all his I wish to see this beverage become common. Jefferson lived past his 83rd year and all his life he was a moderate user of light wines and barley brews. It is unimaginable that were he alive to-day he would vote otherwise than NO to proposed tyrannous prohibition laws. For 58 years Anheuser-Busch have been brewing the kind of honest barley and hop brews which Jefferson hoped in his day to see the National beverage of Americans. Exactly such a beer is BUDWEISER, Its quality, purity, mildness and exquisite flavor have won its way to the top. To-day 7500 people are daily required to meet the public demand. Its sales exceed any other beer by millions of bottles.
